Introductory Notes

1. Step grades
These are offered to encourage confident playing of familiar songs/tunes. The exercises contribute to a solid technical foundation.

2. Pieces (Grades 1–5)
At Grades 1 and 2, accuracy and a feel for the styles are the priorities.
At Grades 3 and 4, performances should include an increasing amount of embellishment and fills, and show awareness of turnaround figures. Some pieces will require small elements of improvisational exploration.
At Grade 5 these elements should be embraced with increasing enquiry and security.

3. Pieces requiring improvisation (Grades 6–8)
Alternative editions of jazz repertoire are acceptable.
Pieces requiring improvisation should generally consist of the head and two improvised choruses.
Backing tracks are optional. The addition of bass and drums is permitted in pieces which can be enhanced by exploration of rhythm section skills (e.g. iconic vamps, Grade 8). Setting-up time may need consideration, and centre representatives should be contacted in advance.
Creative enquiry, good use of jazz language and secure skills are important ingredients for a good performance.

4. Pieces set for more than one grade
Occasionally a piece may appear at more than one grade. Where it appears at a higher grade, a greater level of creative development and skill will be expected.

5. Real Books
Where reference is made to Real Books, alternative publications are acceptable (e.g. legal Fakers Books, etc.).

6. Aural tests
Jazz aural tests must be offered by the candidate (specimen jazz aural tests will be supplied in the handbook). Please note that standard aural tests are no longer an option in jazz exams.

7. Technical work
New to this edition of the repertoire list: candidates may opt to play a study (or studies) as an alternative to scales and arpeggios.

Free Choice Memory Option

In the jazz examinations from Grade 1 to Grade 8, candidates may opt to offer ONE piece as a free choice, to be played from memory.

Jazz musicians often have a number of pieces that they play from memory. A good bank of memorised pieces contributes to enjoyment, confidence and creativity when playing in a group or in a jam session.

This option offers an opportunity to develop skills important to the jazz musician and to explore pieces which you enjoy – pieces which interest and enthuse you.

Through the grades, increasing levels of technical expertise, interpretation, sophistication and improvisational creativity will be assessed.

The following guidelines may help your choice:

**Grades 1 to 3:** A short piece or song which lends itself to a ‘jazz feel’ – perhaps a nursery rhyme (e.g. ‘Merrily We Roll Along’) or a well-known jazz theme (e.g. ‘When the Saints’, ‘C-Jam Blues’, ‘Frankie and Johnny’). Gospel pieces and some hymns also sometimes lend themselves to jazz interpretation (e.g. ‘Amazing Grace’).

**Grades 4 and 5:** You may wish to explore more repertoire and styles, perhaps including blues numbers and standards. You may wish to select a piece which was appropriate in earlier grades. The skill and creativity levels should be more sophisticated in quality.

**Grades 6 to 8:** Increasing levels of improvisation and stylistic authenticity and/or personalisation will be expected. You may wish to explore pieces and solos which have become iconic in the jazz world. Piano rags are acceptable. If the piece chosen appears elsewhere in the repertoire at the same grade, the piece may only be played once.

Candidates choosing this option must play unaccompanied. This will help assessment of their harmonic, comping and rhythmic skills, as well as their solo expertise.

Musical Awareness

Notes:

1. All questions and answers are verbal. Candidates are not expected to demonstrate on their instrument or to sing; but they may choose to do so if they feel that this would clarify their answer.

2. There is no set form of words, or number of questions. Examiners are encouraged to conduct the tests in a flexible and conversational manner. The number of questions asked, and the content of the questions, may differ from candidate to candidate. However, the prime focus will always be the music performed in the Performance section of the exam.

3. The knowledge required is cumulative for Grades 1–8; i.e. any knowledge required in earlier grades is required for later grades.

4. Although accuracy and appropriateness of response are the principal criteria of assessment, examiners will also look for articulacy, use of correct terminology, and a sense of engagement with, and understanding of, the music performed.

Requirements:

GRADES 1 AND 2
Candidates should be able to:

• name, and explain the meaning of, all basic notational elements in the music performed in the Performance component of the exam, including: staff, bars and barlines, clefs, pitches of individual notes, rhythmic values of notes and rests (including dotted notes), key and time signatures, accidentals, dynamics, articulation markings, phrases, ornaments, and any additional markings;

• explain which is their favourite piece and why;

• assign simple descriptive words to pieces to describe their mood (‘happy’, ‘sad’, ‘bouncy’, ‘jazzy’, ‘gentle’, etc.).

GRADE 3
In addition to the requirements for Grades 1 and 2, candidates may be asked to:

• identify intervals up to and including a fifth by numerical value only (e.g. ‘second’, ‘fourth’, etc.);

• demonstrate an understanding of basic chord symbols;

• describe the mood or character of pieces using appropriate descriptive terminology (‘fast and lively’, ‘gentle and flowing’, ‘like a dance’, etc.);

• identify contrasts of mood within pieces;

• discuss any pictorial or descriptive element of the music.

GRADE 4
In addition to the requirements for Grades 1–3, candidates may be asked to:

• identify intervals up to and including an octave by numerical value only (e.g. ‘fourth’, ‘seventh’, etc.);

• demonstrate basic knowledge of composers and/or famous performers of the music performed, including their nationality and approximate dates;

• discuss their approaches to learning the pieces, and to identify any particular difficulties (musical or technical) which were encountered.

GRADE 5
In addition to the requirements for Grades 1–4, candidates may be asked to:

• identify intervals up to and including an octave by number and type (e.g. ‘Major 2nd’, ‘Perfect 4th’, etc.);

• demonstrate knowledge of basic formal structures (e.g. contrasting or repeated sections);

Aural Tests

Requirements

GRADE 1

Rhythm

Candidates should refer to Rhythm & Improvisation Exercise No. 1: Four in a Bar on page 16 of Jazz Piano Handbook 1. The examiner will count in and play a short piece, with emphasis on beats 1 & 3 (‘down beat’) or beats 2 & 4 (‘back beat’). Candidates will be asked to:

1. identify the piece as ‘down beat’ or ‘back beat’ (2 marks).

Pitch

The examiner will play a note (C, F or G), followed by the note a major 3rd or a perfect 5th above. The candidate will be asked to:

2 (a) identify the note by name or by interval number (2 marks).

The examiner will play the note C, or another suitable note. The candidate will be asked to:

2 (b) sing a major 3rd or perfect 5th above, as requested by the examiner (2 marks).

Two notes of different pitches will be played, one after the other. Candidates will be asked to:

2 (c) identify as ‘first’ or ‘second’ which of the two notes is EITHER the higher OR the lower, at the examiner’s discretion (1 mark).

The two notes will be played again. Candidates will be asked to:

2 (d) sing back one of the two notes (EITHER the first OR the second, at the examiner’s discretion) (1 mark).

GRADE 2

Rhythm

Candidates should refer to Rhythm & Improvisation Exercise No. 2: Swing on pages 27–28 of Jazz Piano Handbook 1. The examiner will play, on one note, either Example A, Example B or Example C (page 28), twice. Candidates will be asked to:

1 (a) identify which example was played (2 marks).

1 (b) clap the first two bars of the example, followed by a two-bar improvised response in a swing style (2 marks).

Pitch

A major or minor triad will be played, followed by one note taken from the triad. Candidates will be asked to:

2 (a) identify the note as ‘bottom, middle or top’ OR ‘Doh, Mi or Soh’ OR ‘root, 3rd or 5th’ (candidate’s choice) (1 mark).

The triad will be played again. Candidates will be asked to:

2 (b) state if the triad is major or minor (1 mark).

The key-chord of a major key (C, F, G, and D majors only) will be played, and the key stated, followed by the first five notes of the scale in ascending order. The examiner will then play any ONE of these notes again. Candidates will be asked to:

2 (c) identify the note, EITHER by letter name OR by tonic sol-fa name OR by number (1, 2, 3, 4 or 5) as elected by the candidate (1 mark).
The test will be repeated, using a different example (1 mark).

GRADE 3

Rhythm

Candidates should refer to Rhythm & Improvisation Exercise No. 3: Syncopation on pages 42–43 of Jazz Piano Handbook 1. The examiner will play, on one note, either example (a), example (b) or the example indicated as ‘a slightly more complicated rhythm’. Candidates will be asked to:

1 (a) identify which example was played (2 marks).
1 (b) clap one of the other two patterns, as selected by the examiner (2 marks).

The examiner will play, on one note, one of the examples listed above. Candidates will be asked to:

1 (c) sing or play an improvised phrase following the rhythmic pattern of the example (2 marks).

Pitch

An interval will be played twice, once with the pitches sounded successively, and once with the pitches sounded together. The intervals will be restricted to the following: Major 2nd, Major 3rd, Perfect 4th, Perfect 5th. Candidates will be asked to:

2 identify the interval, by numerical value only (2nd, 3rd, 4th, 5th) (1 mark).

The test will be repeated, using a different interval (1 mark).

GRADE 4

Rhythm

Candidates should refer to Rhythm & Improvisation Exercise No. 4: Rock on page 58 of Jazz Piano Handbook 1. The examiner will play, on one note, one of Examples 1, 2, 3 and 4. Candidates will be asked to:

Pitch

An interval will be played twice, once with the pitches sounded successively, and once with the pitches sounded together. The interval will be restricted to any major, minor or perfect interval up to and including an octave. Candidates will be asked to:

2 identify the interval, by numerical value and type (1 mark).

The test will be repeated, using a different interval (1 mark).

GRADE 5

Rhythm

Candidates should refer to Rhythm & Improvisation Exercise No. 5: Latin on pages 74–75 of Jazz Piano Handbook 1. Candidates will be asked to:

The examiner will count in and clap the upper pattern of two bars (twice), taken from either the Samba, Bossa Nova, Beguine, Mambo or Rumba (or Bolero) examples. Candidates will be asked to:

1 (b) identify the note and rest time values. Terminology such as half note, quarter note, etc. is acceptable. Candidates may not look at the music for this test. Only the first two bars are used for this test (2 marks).
Pitch

An interval will be played twice, with the pitches sounded together. The interval may be any major, minor or perfect interval within the octave, as well as the augmented 4th/diminished 5th. Candidates will be asked to:

2 (a) identify the interval, by type and numerical value (1 mark).

The test will be repeated, using a different interval (1 mark).

The key-chord of a major key will be sounded. A short melody in the same key, of approximately two bars in length, will be played, finishing with a harmonised cadence (perfect, imperfect, plagal or interrupted) in the home key. Candidates will be asked to:

2 (b) identify the cadence, either by its conventional name, or as ‘finished’ (perfect and plagal) or ‘unfinished’ (imperfect or interrupted) (1 mark).

The test will be repeated, using a different example (1 mark).

1 identify which mode was played (3 marks).

Candidates should refer to the section The Blues on pages 4–5 of Jazz Piano Handbook 2. The examiner will play the root note followed by any other note of the blues scale of the following construction (based on C): C–E–F–F#–G–B–C. Any root note may be used. The notes will be sounded successively and then together. Candidates will be asked to:

2 (a) identify the interval between the two notes (3 marks).

The key-chord of a major key will be sounded. A short melody in the same key, of approximately two bars in length, will be played, finishing with a harmonised cadence (perfect, imperfect or interrupted) in the home key. Candidates will be asked to:

The test will be repeated, using a different example (1 mark).

GRADE 7

Candidates should refer to the section II–V–I Sequences on pages 24–25 of Jazz Piano Handbook 2. The examiner will play a major chord on any note, naming the tonic. The examiner will then play either the minor II7 chord or the V7 chord. Candidates will be asked to:

2 (b) describe the interval spelling of the mode (e.g. Aeolian is T–ST–T–T–ST–T–T) (1 mark).

3 The examiner will play a piece of music in a contemporary or jazz style. The candidate will be given a copy of the score, without phrasing, tempo, articulation or dynamic markings. Candidates will be asked a selection of the following:
   • to name the key;
   • to identify modulations;
   • to identify intervals, including compound intervals;
   • to describe the overall form. These may include ABCA, ABCBA, AABA, ABAB and similar structures;
